FYI ... I want to be sure everyone saw this ... I think it merits a response to our constituents and whatever assistance our State, County, and Federal Governments can provide. We may have an emergent health threat in this neighborhood as more homes are tested.

I would like to have a conference call to discuss this on Tuesday, November 29th at 1:30 PM. Please indicate your availability and anyone else who you would like to include. Our Representative Elect, Mark Matthiesen will be joining us on this call.
